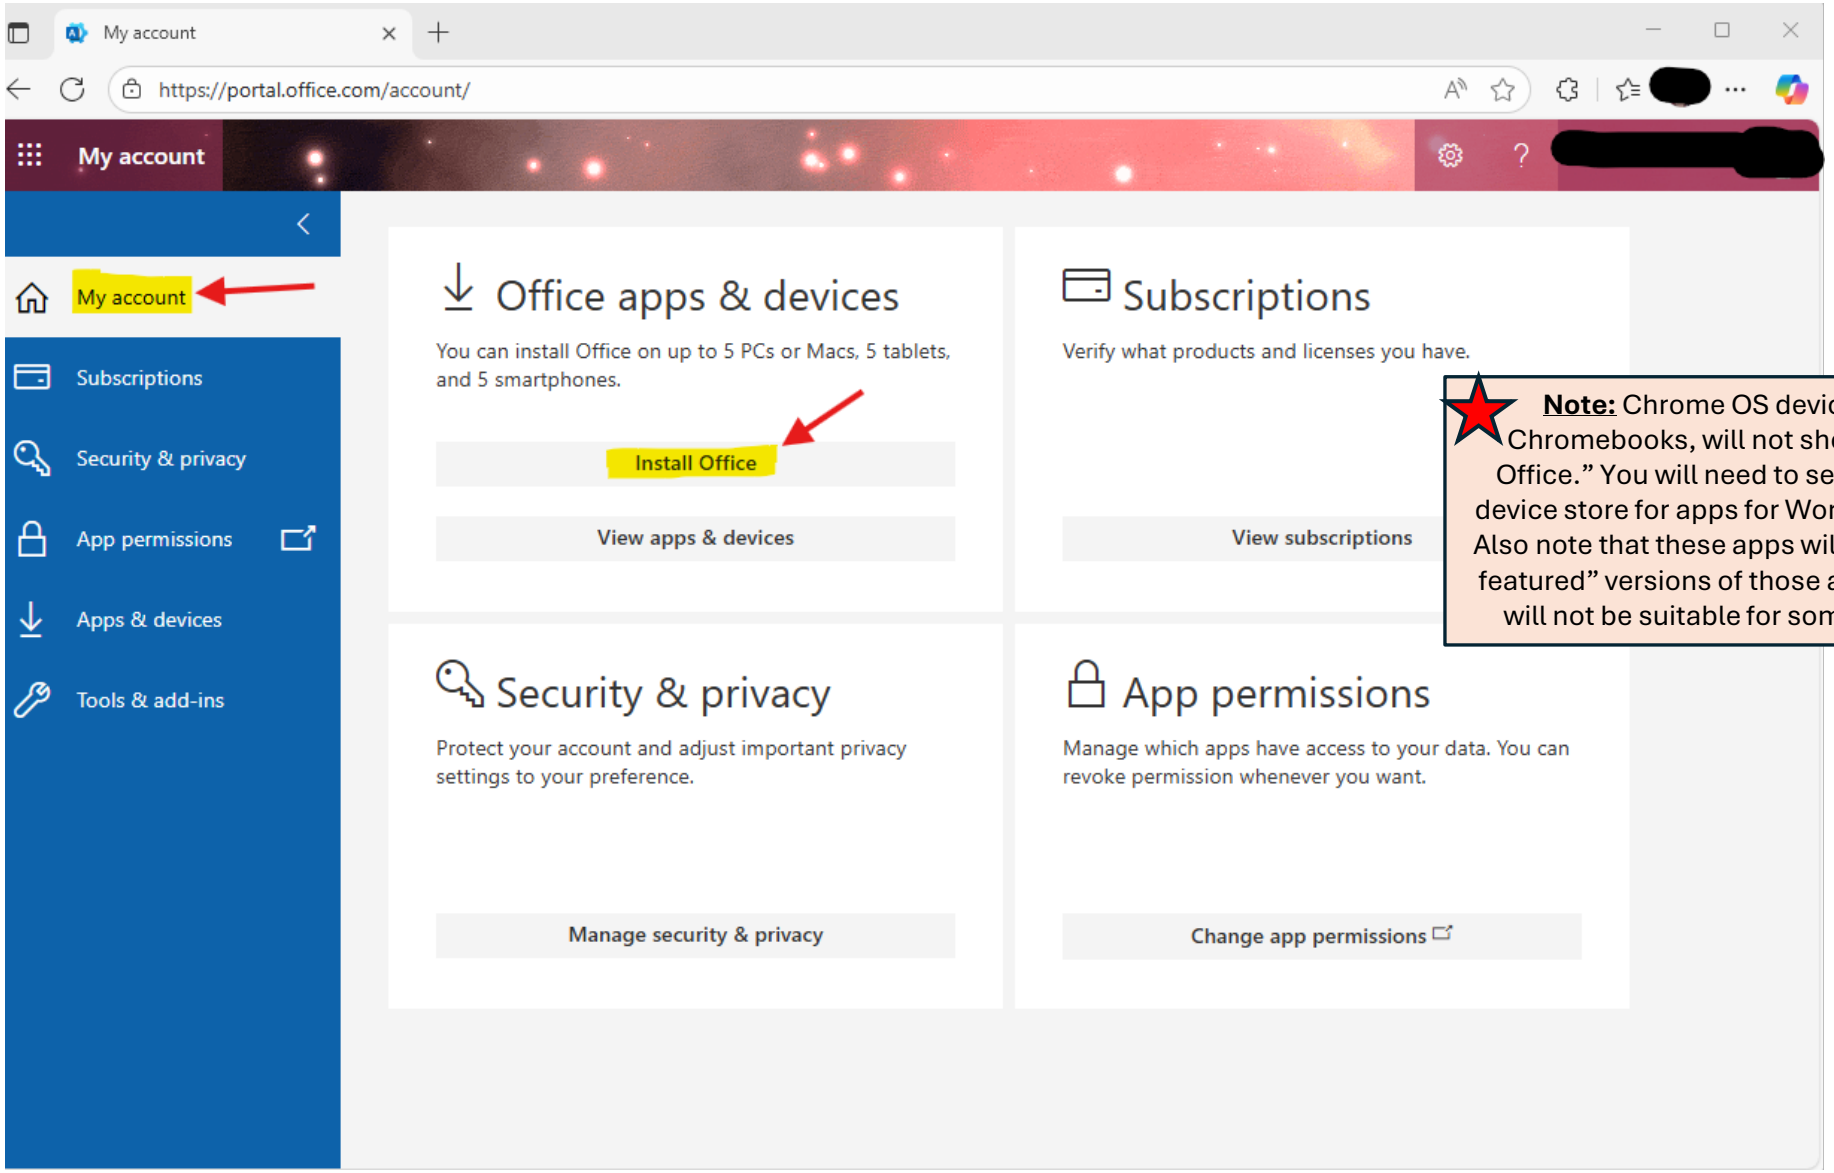
Go to https://portal.office.com/account/ Sign in with your Columbia State email address and password. After you sign in, you will see this:



Note: Chrome OS devices, like Chromebooks, will not show "Install Office." You will need to search on the device store for apps for Word, Excel, etc. Also note that these apps will not be "full-featured" versions of those apps so, they will not be suitable for some classes.

Make sure you are on "My account" in the blue column on the left. Then click "Install Office."
