David Crockett State Park <http://tnstateparks.com/parks/about/david-crockett>

The 1,100-acre park has a museum, staffed during the summer months, with exhibits depicting Crockett's life here and a water-powered grist mill. In addition to the paved bike trail, the park has more than six miles of hiking trails. The trails offer scenic vistas of Shoal Creek and Crockett Falls, limestone bluffs, abundant wildlife and serene forest. The Overlook Trail runs parallel to the Shoal Creek Trail. During the summer months, swimming is a popular park activity. An Olympic-sized swimming pool with a modern bathhouse and vending machines is a great way to beat the heat. There is ample sunbathing space and a wading pool for children. Lifeguards are on duty during swimming hours.

Ollie Otter Seat Belt Safety Program www.ollieotter.org

The Ollie Otter Program was developed by the Tennessee Road Builders Association and Tennessee Tech University as a solution to a serious problem: lack of seat belt and booster seat education to our youth at a critical age when good safety habits are formed. This program's primary objective is to educate children in pre-K through 4th grade with interactive programs in elementary schools through the sponsorship of the TN Highway Safety Office. As a volunteer, you may have different roles: an organizer, a presenter, a media coordinator, or just be Ollie the Otter (costume and props provided)!
